Identification of prior art discussed:

NoneAgreement with respect to the claims f) ☒ was reached. g) ☐ was not reached. h) ☐ N/A.

Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

The examiner informed applicant that claim 48 (now inclusive of canceled claim 49 language) is rejectable over the prior art because it does not contain the allowable subject matter "including providing a questionnaire in response to a request from a viewer to provide feedback". Specifically the language "in response to a request from a viewer" was absent from claim 48. The examiner pointed out that (1) claim 50 was rejected over the prior art (it contained the "questionnaire" limitation found in canceled claim 49), therefore claim 49 should have been rejected and (2) claims 29 and 60 contain the "in response to a request from a viewer" limitation. Mr. Lindeen agreed to include the limitation "in response to a request from a viewer" into claim 48 to pass the application for allowance.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)

i) ☒ It is not necessary for applicant to provide a separate record of the substance of the interview (if box is checked).
